We really must have a Confidential Record Sheet if we are to substantiate refusal of registration by being able to identify him, should he attempt to register in some other location. I am again enclosing a Confidential Record Sheet for your use. Please complete this with as much information as you have available.

We would also like any other information that you may have access to. If there was any legal action which took place, we would like to have this. We would also have to have the resignation letter if there is one available.

Dear Duane:

For quite some time, we have been trying to get information concerning the above-named individual. We understand that this individual was asked to resign from Scouting in May of 1986 because of some reported relations with youth that were unacceptable.

We need a Confidential Record Sheet so that we may identify Mr. McRobbie should he try to register in some other location. Please complete the enclosed sheet with as much information as you have available, so that we may identify him should he try to register in some other location.

If any other information has come to your attention please do not hesitate to send that also - as we need a complete file if we are to refuse registration five or ten years from now, when neither of us may be in our same job.

Let us know if we may be of help.

Dear Duane:

In July of this year we had communication concerning the above-named individual. At that time, we asked for a Confidential Record Sheet so that we could identify Mr. McRobbie should he attempt registration anywhere in the country. We are enclosing another sheet for your use since we must have this information if we are to have a complete file and be able to identify Mr. McRobbie should an application come to us from some other location.

We would also like to have any other information you may have available concerning this situation. If you can get any statements from individuals, this would be most helpful to us in strengthening our file.

Thank you for your help in protecting the youth of America.

Dear Ross:

Thank you for the information which you sent us on Daniel R. McRobbie. This will be very helpful to us and should enable us to refuse registration should an attempt come from anywhere in the country.

According to your letter, I understand that there will be no legal matters taken up with this case. Apparently, there were no charges made that will lead to a trial. We do feel, however, that the information you have sent us will be satisfactory.

If you can secure statements from any of the scouts or parents, this would also help to strengthen our files. We would appreciate that if at all possible since the more information we have, the better we are able to substantiate our refusal of registration.

I am enclosing a Confidential Record Sheet which I would like to have completed, to give me all the information needed to identify Mr. McRobbie. Let us know if we may be of help from this office.

Dear Mr. Ernst:

The above named individual was served a letter of Suspension and requested to desist from any and all Scouting affiliations effective May 28, 1986. Events leading to the suspension reportedly occurred and involved Scouts from Troop 81 North Andover, MA over a multi-year period.

Based on conversations reported by members of the Troop Committee, when confronted, the above named individual resigned without protest. It must be noted, the youth members declined to testify in court.

It is our contention that based on reported facts and actions thereby warrants the exclusion of Daniel R. McRobbie from all further affiliations with Scouting.

Should you require additional information we will respond as requested.

Thanking you for your support and cooperation in this matter.

Sincerely,

Ross A. Harrop

Dear Dan:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations that you may have with the Boy Scouts of America.

You should understand that BSA leadership registration is a privilege and is not automatically granted to everyone who applies. We reserve the right to suspend registration whenever there is a concern that an individual may not measure up to the high standards of leadership which the BSA seeks to provide for American youth. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, please write to me, explaining your version of the facts supporting your claim that your registration as a BSA leader should be granted or reinstated.

Sincerely,

Larry L. Larsen
